WHITES STILL LEAD

BEAT BLUE DIVISION IN S. S. CONTEST BY 289.

THE BLUES ARE GAINING

Total Attendance in County For the Month of February Was 13,133 —Average, 3,283.

The White Division of the Nodaway County Sunday schools is again in the lead for the month of February in the attendance contest being held by the Nodaway County Sunday School association. During the month of February the Whites had an attendance of 6,711 and the Blues had 6,422.

In January the Whites won with an attendance of 8,486, and the Blues had an attendance of 6,518. The Whites during that month won by 1,900, but during the month of February, the Blues made a wonderful advance and were only beaten by 289.

Seventeen Sunday schools in the county showed a gain in attendance during January and February, the two months of the contest already passed. Six townships reported a larger attendance on Sunday, February 25 than on Sunday, January 28. Four schools in the Blue division did not report.

The total number attending Sunday school during the month of February in Nodaway county, was 13,133. The average attendance for each Sunday in the month of February was 3,283.

G. B. Roseberry, president of the association calls attention to the fact that there are 8,000 children of public school age in Nodaway county and that possibly not one-fourth of this number attends Sunday school. He also says that there are 30,000 persons in the county and that only 3,556 of them attend Sunday school. Hence, he thinks that there is great necessity for a Sunday school contest in order that both children and adults may be encouraged to attend Sunday school.

REAM FUNERAL TODAY

Services Conducted at Pierce Home With Burial in Ream Plot in the Miriam Cemetery.

The funeral of Dr Robert Ream, who died at Van Wert, Ohio, Monday morning, was held at the home of Mr. and Mrs. W. C. Pierce on North Main street at 10 o'clock this morning. Services were conducted by the Rev. Mr. Christy of Van Wert, who accompanied the body to Maryville. Burial was in the Ream plot at the Miriam cemetery.

The pall-bearers were: Will F. Phares, Augustus Romasser, James Todd, E. E. Williams, Dr. E. C. Branniger and Edward Keck. The out-of-town relatives present for the funeral were: Edward Ream of Van Wert, Mr. and Mrs. Paul Ream of Kansas City, and Donald K. Ream of Chattanooga, Tenn.

Dr. Ream ended his life by shooting himself through the mouth. The deed was done while he was in one of his depressed moods. Dr. Ream had just recently been operated on. During the past several years he had undergone a number of operations for stomach trouble.

K. C. CHARTER PLAN FAILS.

City Manager Idea Didn't Carry by the Four-sevenths Vote.

Special to The Democrat-Forum.

Kansas City, Mar. 7.—The new charter, providing for the city manager plan of municipal government for Kansas City, failed yesterday to obtain the four-sevenths vote required for the ratification of a city charter.

The larger station plan, which will furnish an adequate setting for the new Union Station, was approved by a vote of better than two to one.

JAPANESE DENY REPORT

Say That Their Country Did Not Try to Induce China to Abandon Neutrality.

Special to The Democrat-Forum.

Washington, Mar. 7.—Officials of the Japanese embassy flatly denied that their government had sent an ultimatum to China in an effort to enforce her to abandon neutrality in the world war. At the Chinese legation nothing was known of the reported ultimatum but the keenest interest in the rumor is exhibited accompanied by no little anxiety.

265 STUDENTS ENROLLED

Enrollment This Spring Promises to Exceed That of Any Other Spring Term in School's History.

This term's enrollment at the State Normal school in Maryville promises to exceed that of any other Spring term in the history of the school, according to the latest figures received from Geo. Kemp of the Farmers Trust Company. The enrollment this afternoon was 265 or within four of the enrollment for the Spring term last year, which was 269.

At the end of the first week last year the enrollment was 288, and after the first week the number of students enrolled increased by forty-one.

There is every indication that the total enrollment for this term will reach more than 300 or a large increase over last spring.

WERE MARRIED 55 YEARS

Mr. and Mrs. H. P. Childress Receiving Congratulations of Friends On Long Married Life.

Mr. and Mrs. H. P. Childress were receiving the congratulations of their friends yesterday on the passing of their fifty-fifth wedding anniversary. Mrs. Childress, who is now 81 years old says that she remembers what a cloudy, windy, typical March day it was.

The couple was married in Orange county, Virginia, and came to a farm near Maryville about thirty-six years ago, where they located and reared their four children, Mrs. Cora Trullinger, Mrs. Mollie Tabler, Charles Childress and Cavell Childress.

Mr. Childress is a Civil war veteran, having enlisted in the Sixth Virginia cavalry at an early age and having served as a brigadier bugler throughout the whole war.

Both Mr. and Mrs. Childress are in good health and are expecting to receive the congratulations of their friends on their sixtieth wedding anniversary.

OLD BUILDINGS RAZED

Two Historic Structures in Maryville Go the Way of the Ancient This Season.

In line with Maryville's attempt to dress up during the spring which is nearly upon us, is the tearing down of two old buildings which have been land marks in Maryville since the days of the city's infancy.

The first one to succumb to the desire for the more modern dwelling was that of C. D. Koch. This building known as the old Newman building is over fifty years old and was teeming with history. It will be replased by a modern home.

The next one to go the way of the ancient is an old frame building on West Seventh street. This frame structure is between forty and fifty years old, and has been the property of Uncle Henry Baker a negro, for many years. Numerous movements were afoot to have the dilapidated structure razed, but nothing was done until lately, when Uncle Henry sold the building to Mr. Sallee, who is having it torn down and hauled to his farm.

Many of the unsightly structures in Maryville will go the way of these in a short time, according to Mayor Robey.

To Attend Brother's Wedding.

Mrs. W. A. Hoover and two children, Betty and Jack, left yesterday for Topeka, Kan., where they will attend the wedding of Mrs. Hoover's brother, Thomas Cook, which will take place tomorrow at the home of the bride. A. W. Hoover leaves tonight for Topeka to be present at the ceremony.

Royal Neighbor Officers Here.

Mrs. Ella Curry of Chillicothe, state supervisor of the Royal Neighbors of America and Mrs. Maggie Thompson of Skidmore, district deputy of the same organization, were in Maryville today on business connected with the lodge.

WILL KILL 4 BILLS

STATE LEGISLATURE EXPECTED TO DEFER ACTION ON MEASURES

MUNITION TAX IS ONE

Senators Declare That Such A Law Would Be Unconstitutional If Passed.

Jefferson City, Mar. 7.—The graveyard awaits four important measures now under consideration by the state legislators, according to men who are in close touch with the legislative situation here. The measures are:

Governor Gardner's proposed tax on war munitions manufactures.

Senator Goodson's proposed triple tax on soft drinks.

Representative Whitaker's proposed abolishment of the death penalty in Missouri.

The Children's Code bill.

The governor's proposal to tax munitions makers ten per cent of their gross receipts is held to be a very drastic measure and it is generally believed the bill, if passed would immediately invite testing of its constitutionality.

The measure provides that the revenue derived by the proposed tax shall go first to the maintenance of the Missouri National Guard.

Exempting munitions sold to the national or state governments, the measure proposes to tax gunpowder, cartridges, caps, projectiles, shells, torpedoes, machine guns, firearms, small arms, cannon, rifles, bayonets, fuses and chemicals or acids intended for any purpose than industrial.

Blasting powder, dynamite, fuses, imprimers used for industrial purposes are exempt from the provisions of the measure.

The bill provides that each munition, shell, gun, and arms manufacturer shall file a statement with the secretary of state before June 1, 1917, subject to review. A false statement calls for a fine of $5,000 and a year in prison.

It is estimated here that the net earnings of the three principal munitions factories in this state exceeded $1,800,000 last year. Under the governor's measure $400,000 of these profits would go to the state.

Senator Goodson's bill providing for a triple tax on non-alcoholic drinks, which has just been passed by the senate, now is under consideration by the house. Members of the lower branch of the legislature are of the opinion that the Goodson measure will be killed because it passed the upper branch in its original form. They hold that there are numerous amendments to be inserted in the measure before it can pass the house. Then, it is said, the measure will be killed in conference.

Defeat is forecasted for Representative Whitaker's measure which proposes abolishment of capital punishment. Representative Heather denounced the bill as a legislative act of approval of mob law.

The children's Code bill has been adopted by the senate, but only a skeleton of the original measure remains. Amendment after amendment was offered and adopted in the senate and finally the bill was placed on the table where it will rest until the legislature adjourns.

The measure provided that girls under 21 years of age could not marry without the consent of their parents. It also provided abrogation of the law relating to common law marriages.

BROTHERHOOD WILL NOT ACT.

Railroad Men Awaiting Decision of the Supreme Court on Adamson Law.

Special to The Democrat-Forum.

Pittsburgh, Mar. 7.—Although expressing the disappointment over the failure of the supreme court to hand down a decision in the Adamson law case, the heads of the Brotherhoods of Railroad Trainmen, representing seventy thousand men of the lines west of Pittsburgh in session here announced today that no action would be taken until the decision is rendered.

Trades His Property.

John Mutz has traded his property on Seventh and Water streets to William H. West for property located on Eighth and Fillmore streets. Work was begun this morning on tearing down the old house and a new home of six rooms will be built in its place.

ENGLISH TERMINALS

AMERICANS LAUGH WHEN COMPARING WITH OUR STATIONS.

KNOCKS BAGGAGE SYSTEM

Porters Being Scarce, It Sometimes Becomes Necessary to Take Care of Our Own Baggage.

(E. Vernon Nash)

Waterloo railway station in London is said over here to be the largest terminal in the world. It does have an immense track space but comparing it with the Grand Central, Pennsylvania, Washington or even Kansas City's stations, all that we Americans can do is laugh. We try hard to hold in but we can't.

Not Really Terminals.

Most of the London stations are not really terminals at all; they are collections of train sheds. They give the impression of a dozen to twenty Hannibal or St. Joseph stations merged into one station but without any change in appearance or system. That in fact is the dominant feeling about all London. Forgetting the historic associations and great civic centers, it seems an immense St. Joseph; nothing more. The vast city seems to have grown to more than seven millions without any changes in its business and shopping centers.

Not a commercial building have I seen in London comparable to the Corby-Forsee building in "The City Worth While." Let me attempt a description which fits all the railway stations.

Description of a Station.

A comparatively small building stands in front of the train sheds. Between the building and the tracks is a broad lobby or concourse which serves almost solely as the waiting room, although small inclosed rooms are usually found if one hunts for them. This platform is not inclosed but merely covered with a shed similar to that over the trains in the St. Louis station. The roof keeps out some of the rain but little of the cold.

My opinion of the baggage system has already been expressed. The general confusion is increased by the moving in and across this lobby of trucks loaded with express, mail and other materials as well as with the passenger luggage. If there is any system or efficiency connected with it, none of us "aliens" have been able to discover it either by reasoning or by questions. An interesting feature is the privilege of going upon the train platform by the purchase of tickets from a slot machine for one penny (two cents). This doesn't make things any less confusing when a passenger reaches the train and begins hunting for a compartment.

Porters are Scarce.

If he has baggage, he is still more unfortunate. Porters are very scarce and thousands daily put on their own trunks and suit cases after having the destination slip pasted upon them. The traveler is given no check to show for his luggage. He just helps himself at the other end. Putting on one's own baggage would be less difficult, if one could know where to find the right car. Luggage vans are not placed in front of the train as they have few cars exclusively for baggage. It is necessary as a rule, to try from a half dozen to a dozen doors along the whole train before one can find the baggage "van" for luggage going to his destination. But enough of railways.

Put on the "Sugar Job."

Once I was sent on the "sugar job." This means getting up early in the morning and rushing down into the southeast part of the city to the West India docks. Here again the jumble of vans, wagons, trucks and carts disgusted me to the full. Silver, and sil-

JOIN STATE ASSOCIATION

Elks Lodge Will Send Delegates to Joplin This Year—Election of Officers Held.

The annual election of officers was held last night at regular meeting of the Elks lodge. There was a luncheon and smoker after the meeting.

The lodge voted to join the Missouri State Elks association. The state association will meet in June at Joplin. The Elks lodge formerly was a member of this organization.

The following officers were elected for the ensuing year: Walter S. Todd, exalted ruler; B. M. Chandler, esteemed knight; E. E. Rhodes, esteemed loyal knight; A. Romasser, esteemed lecturing knight; Lawrence Schumacher, trustee for three years to succeed C. W. Yehle; Cleav Funk, secretary; E. E. Williams, treasurer; Theodore Robinson, tyler.

The installation will be held the first meeting in April.

Dr. Frank Wallis was elected delegate to the grand lodge, which will be held in Boston. C. C. Hellmers was elected alternate.

George Yantis and Walter S. Todd were elected delegates to the meeting of the state association.

WILL COLLECT BAND MONEY

E. E. Williams Appoints W. C. Pearson and Charles Buhler to Help Raise Required Amount.

E. E. Williams, chairman of the Finance committee of the Maryville Commercial club, has appointed W. C. Pearson and Charles Buhler as auxiliaries to assist in collecting the "wherewithal" to keep the fourth Regiment band in Maryville.

Since so many of the citizens have expressed a desire to keep the band here, the collecting of the money to finance the project will not be a hard proposition, and the committee hopes to be able to report the acquisation of the required $1,200 shortly.

A. W. O. W. ENTERTAINMENT

Members and Their Families Will Enjoy Program and Luncheon, March 13.

The Woodmen of the World will entertain the members and their families with an entertainment and social at their hall Tuesday evening, March 13. The committee has arranged for a seven-piece orchestra which will play at intervals throughout the entire evening.

The numbers on the program will be as follows: Reading, Prof. H. A. Miller; selections by the Berean quartet; reading, Miss Edna Tucker; solo, H. J. Becker; play, "A Minister's Mistake."

After the program the evening will be spent in playing games, and in enjoying a luncheon which will be provided by the committee in charge.

Will Shriver, who has been ill with pneumonia at St. Francis hospital is reported improving today.

2ND BEAUTIFICATION MEET

Sixteen Men and Women Hear Discussion of Civic Problems at Home of Doctor Bell.

Sixteen men and women met at the home of Mrs. C. T. Bell, last night and discussed beautification problems with Prof. C. C. Leeson, who gave his stereopticon lecture, and showed by concrete illustration the right and the wrong ways of beautifying Maryville.

E. M. Claypool, secretary of the Beautification committee, explained the system of ordering plants and shrubs that would be adopted if the citizens would support it. The orders for plants and shrubs will be taken by Mr. Claypool and then bids will be called for from the local and other florists. In this way, a slight saving will be made in the purchase of the shrubs by giving a bulk order.

Mr. Claypool said there was absolutely no intention on the part of the Commercial club or of himself as secretary of the Beautification committee to compete with home retailers in the purchase of the shrubs, and that any dealer who cared to would have a fair chance to bid for the contract to furnish the plants.

WON'T BUY NEW APPLIANCE

Board of Public Works Says Purchase of Motor to Operate Water Tower Stop-cock Not Practical.

The Board of Public Works has decided not to purchase the electrical appliance to regulate the stop-cock at the water tower. This was determined after the board had duly considered the proposition from every angle. One of the reasons given by R. L. McDougal, president of the board, was the lack of money necessary to purchase, and another reason was because of the danger of increased pressure on the water mains near the station.

The electrical appliance that was under consideration by the board, was to be operated by a switch at the water station. In case of fire, the stop-cock would close and the water would be turned from the tank into the mains to increase the pressure in order to fight the flames more effectively. But the chief danger in this arrangement, thought the board, was that when the fire was out the station would not be apprised immediately and thus the pressure on the mains near the station would be more than they could stand and they would then burst.

At present when water pressure is needed to fight a fire the stop-cock is put in position by a man who hurries up to the water tower and operates it. The working of the stop-cock by electricity was thought to be more efficient, but in the opinion of the board, it is not practical at this time.

Mrs. John Dawson, who has been seriously ill at St. Francis hospital, as the result of an operation, is slowly improving and hopes are entertained for her complete recovery.

NO AUSTRIAN BREAK

Wilson Decides This Today, Fortified By Opinions That He Has the Authority to Do So.

Special to The Democrat-Forum.

Washington, Mar. 7.—There will be no diplomatic break with Austria at present unless submarines of the dual monarchy force the hand of President Wilson by some "overt act." This was authoritively stated today after officials digested the reply of the Austrian government.

American Ships to Arm.

American merchant ships are to be armed by the United States and sent on voyages to ports of seven seas regardless of the submarines which played in the path of American commerce, Wilson decided definitely today to take this step after being fortified with opinions that he has the authority to make such a move.

Spirit of Unrest in Island Stronger Than at Any Time Since the Dublin Riots.

Special to the Democrat-Forum.

London, Mar. 7.—The gravest situation with respect to Ierland since the Dublin rebellion faced the government at today's session of parliament. It is announced that several leaders will deliver speeches today demanding immediate home rule. It is no secret that the spirit of unrest is stronger throughout Ireland today than any time since the Dublin riots. Irish leaders are expected to so inform parliament and charge the Unionists with full responsibility should fresh disorders break out as a result of the government's failure to act.

FIGHT FOR CLOTURE RULE

President Wilson Begins Work of Inducing Senate to Change the Debate Rules.

Special to The Democrat-Forum.

Washington, Mar. 7.—President Wilson today entered the fight for cloture rule in the senate in earnest. Immediately after breakfast he summoned Senators Reed, Owen, Walsh, Swanson, Hoke Smith and James to the White House for a conference on the possibility of securing rules that would limit the senate.

President Wilson approved the bipartisan campaign in the senate to preserve the recurrence of the filibuster and it is expected agreement on the proposal will be reached.

ver only could find a way through them. We spent four bob and a sixpence (which is a dollar and ten cents) on tips to the dock hands and workmen but even with that it took more than two hours to complete the task and get away with our seven bags of sugar.

It's really like breaking a bank these days to get sugar. Our orders from the munitions department of the "Y" had to be signed by the bobby at the front gate. Then by winding through a wilderness of vehicles we came to the office where our orders were pushed through a cubbyhole and returned countersigned after indefinite waiting. Finding the number of a door marked thereon, we turned in the orders again and waited another indefinite interval for our name to be called out. When loaded the door man signed our order so that we could get out and the bobby at the gate again countersigned the order and took it up. Delivering of this sugar to Y. M. canteens in munition factories gave me an unusual opportunity of seeing the interior of a number of factories which are so busy turning out the "rations for guns" I saw real efficiency at any rate.

Neutral in Politics.

I was completely and thoroughly pro-Ally when I came over. I should still hate mighty bad to see Germany win the war but I'm a great deal more neutral than I once was. My anti-Teutonic sentiments have not been strengthened any by the universal answer to any criticism of the slip-shod English ways: "Oh, it's always been done that way and it's better to let good enough alone."

Not that they do not criticise themselves in their ways. Oh, Yes. The truest thing H. G. Wells ever said, in my opinion, is that Johnny Bull loves to say harsh things about his country and his people but he won't stand for anyone else doing it. I could pile up example on example of the hopeless lack of efficiency, but it would be a waste of space. It will perhaps be sufficient to remark that complete opposites in the one matter of industrial efficiency certainly are meeting each other in this war.

Likes Great Britain.

From which it may be incorrectly deducted that I don't like this country. Nothing could be further from the truth. It is precisely because I am so pleased with most of what I see in the country and people that I have so little patience with their inability to discard the old for the new. Differences attract attention and interest more than similarities. It is easier too to see defects and to give destructive criticisms during early acquaintance. Later in my series I hope to be able to elaborate on these many features in which I think England is far ahead of my own country.

WHAT'S THE LIMIT ON HOGS

Yesterday at $14.50 and Buyers Say the Top Has Not Been Reached.

A rush to buy hogs at the various markets of this country sent prices up 50 cents today, into a position never before known in this country.

The top price paid here was $14.50 a hundred pounds and in Chicago, $14.70, while at some of the extreme Eastern markets $15 was paid.

Above the Civil War Mark.

Following the Civil War the highest price paid in Chicago was $13.25.

Both buyers and salesmen say the maximum price has not been reached.

For more than two months the upswing in prices has been in progress. In the past week, there has been an advance of $1.15 a hundred pounds, in the past month, $2.15, and since the first of the year a rise of $3.90. Compared with a year ago prices are $5.20, or about 60 per cent higher.

Grain and Hogs Both Scarce.

The causes of the high prices are given as a scarcity of grain, the large marketing of hogs the latter half of 1916, a liberal winter movement of hogs of light weight and a scarcity of fat hogs in the country to meet the demand for the next three months. In the past six months thousands of pigs went to packers which would have been made into 200-pound hogs for the April to July market, had corn been more plentiful. Many fall pigs weighing 90 to 120 pounds are being marketed now, because of the high prices, that should have been held until July to September.

May Go Above $16.

Packers believe the shortage in supplies is only beginning to show, and that the hog is liable to sell above $16 before any material setback occurs in prices.

These high prices mean that a carload of hogs now is worth a small fortune. Some carloads at the stock yards today sold at $3,000 to $3,200. At the ordinary prices a car of hogs is worth about $1,200 to $1,400.—Kansas City Star.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

LONDON PRAISES WILSON

Press Realizes His Difficulties Are Made More Pronounced by the Senate's Recent Action.

London, Mar. 7.—President Wilson's inaugural address and his statement in reference to the obstructive tactics employed in the senate fill an important part of yesterday morning papers, and are commented on with general sympathy for the president's difficulties in the present crisis. The situation is compared to that in which Lincoln delivered his second inaugural address.

The universally appreciative references to the president today offer remarkable contrast to some which have appeared in certain quarters of the British press in the past. The Post, which sees a triumph for President Wilson in the readiness of a great majority of congress to confer the powers which he asks, says:

"President Wilson has proved that with all his tact and caution he can act with instant resolution when occasion requires."

The Express says that the president's call to his fellow countrymen is an inspiration to the entente allies, and The Times, while expressing approbation of President Wilson's definition of the things for which America stands, thinks nevertheless that "elevated as they are they need a great deal of definition and expansion before they can serve even in outline as the foundation of a practical world policy."

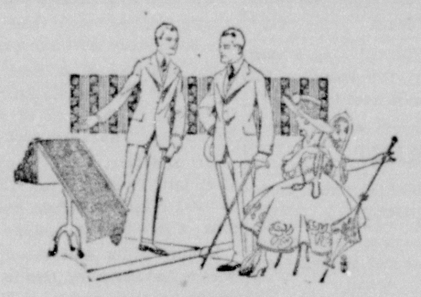
Wall Papers
of Distinction

WE have the largest and most complete stock of New Wall Papers in original, distinctive designs that we have ever shown. There is no excuse this season for ugly walls that do not harmonize with the other surroundings of the home, as never before since Wall Paper was first made have there been so many pretty and attractive papers printed as now, and never before has it been possible to obtain such high class papers at such low cost as at the present time.



Our new stock comprises the very latest effects in tapestry, chintz, tiffany and various cloth patterns. Also a number of stripes, allover patterns and plain oat meals.

Our inexpensive, popular priced papers are manufactured by Janeway & Carpender and S. A. Maxwell, while our high grade papers are manufactured by M. H. Birge & Sons.

We have a wide variety of borders and bands; many in the cut-out effects. From this large assortment you may obtain most any effect desired.

Our large stock of new papers range in price, by the roll....**8c to $1.25**

With an exceptional showing at 15c, 20c and 25c. We are showing the largest and best line of 15c wall papers that we have ever shown, and all are attractive designs.

We have a number of photographs of various effects to be attained by the use of these beautiful new wall papers.

Come and let us assist you in the selection of the spring decorations for your home—we are in a position to give you valuable suggestions.

Health in the Home Maintained by S.S.S. For Fifty Years

The health of the family is an important question and one that should receive the most careful consideration in every real home.

S.S.S.

has brought new health conditions into thousands of homes in America—homes where true advertising carries its message, backed by the endorsement of the many, many people who have used it and found that S. S. S. does the work.

S. S. S. stands first to-day as a blood purifier after a fifty-year test. If there were nothing else, that alone would tell the story.

S. S. S. is guaranteed purely vegetable and is most helpful, not only as a blood purifier, but also as a general tonic when the system is run down.

Owing to the success of S. S. S., there are many imitations. Therefore, demand the genuine S. S. S. by name. The only object any dealer has in substituting is that he makes more profit on the substitute. Watch for the trade mark.

All good drug stores sell S. S. S.

Your Dollars and Our Tires

When you pay down in honest currency the price of a GOODYEAR TIRE, you deliver value in its most definite form.

When you accept in return for your currency a GOODYEAR TIRE, you receive value just as definite, if in different form.

For GOODYEAR TIRES are built to this invariable dimensions that worth shall equal payment, dollar for dollar—that goodness shall balance price, in any instance—that performance shall level investment every time.

And the tire you buy is after such a pattern—a value for value product through and through.

The country over, motorist have found this to be true of GOODYEAR TIRES. The country over, motorists buy more of them than any other brand.

And the leadership they have they will hold. Value—fixed and indeclinable—will hold it for them.

NORMAL NOTES

(By Ross McReynolds).

The Eurekans have decided on the play to be given in the Auditorium the latter part of this month and will soon be practicing on it. The title is "Brother Josiah." The cast is an excellent one and are well able to care for the parts assigned them.

* * *

The program given by the Y. W. C. A. this morning at the assembly hour was: Talk, "Saints of Today," Miss Myrtle Wells; Open discussion by Y. W. C. A. girls; Quartet, leader, Miss Ella Moore.

* * *

The young men of the school were to meet this morning to plan further the work of organizing a Y. M. C. A.

* * *

The following programs will be given by the literary societies at their weekly meetings tomorrow: Eurekan: Spring Song, by Mendelssohn, Mary Sewell; Story of Persephone, Amy Barrett; Original Spring Poem, Harriet Van Buren; Spring Spirit in our Society, Don Roberts, Myrtle Wells, Harold Staples.

Philomatheans: Piccolo solo, George Wamsley; Essay, "The Greatness of Little Things," Warren Breit; "When a Feller Needs a Friend," Two extemporaneous speeches by members of the society; Side Lights on Current events, Mary West.

Excelsior: Open forum.

A tea was given this afternoon for the students to get acquainted with each other. This is especially for those who have not attended the Normal before.

* * *

The number of students enrolled up to last evening was 217.

* * *

The students met their classes yesterday morning and found out just what the instructor expected of them. After leaving one class one young gentleman said: "I feel fine now, but I don't know how I will feel after awhile."

* * *

At assembly yesterday President Richardson gave the students some hints on getting acquainted with their instructors. A few of them were: "When you go to class, take the last seat in the last row. Never talk unless called upon. When you have a paper to write, make it as short as possible." He prophesied that if they followed these instructions they would soon find out the nature of the instructor.

* * *

Many of the students and friends of Paul Powell, '16, were delighted to meet him last week. He came here during the interval of attending the convention of the teachers association at Kansas City. He has been teaching manual training and coaching in one of the junior High Schools at Tulsa, Okla. His basketball team gained the city championship, and was barely edged out of the indoor basketball championship.

They Saw "Chin-Chin."

Among some of the Maryville people that attended "Chin-Chin" in St. Joseph last evening were Misses Kate and Mary Carpenter, Miss Blanche Gray, Fleming Carpenter, Roy Neal, Wilford White, Dr. C. A. Bone, Ed Godsey, Russell Burris, Francis Cummins and Rosco Heigner.

YOU'RE AN EASY PREY, with your flesh reduced below a healthy standard, for Grip, Bronchitis, Consumption and other dangerous diseases. And it's for just this condition that Dr. Pierce's Golden Medical Discovery is especially valuable.

If you're thinner than you ought to be, whether from wasting diseases, defective nutrition, or whatever cause, the "Discovery" will surely bring you up to the healthy standard. By restoring the normal action of the deranged organs and functions, it arouses every natural source and means of nourishment. A strength-restorer and flesh-builder. It can be had in tablet or liquid form. Ingredients printed on wrapper.

Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up over 40 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy.

Killed by Poisons

All scientists agree that poisonous products in the blood are eliminated by the kidneys. The kidneys act as a kind of filter for these products. When the kidneys are changed or degenerated, by disease or old age, then these poisons are retained in the body. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y., says that you should drink plenty of water daily between meals and with your meals to flush the kidneys. Then procure at your nearest drug store Anuric. This Anuric drives the uric acid out.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month. Anuric is many times more potent than lithia and dissolves uric acid as hot water does sugar.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

WHITES STILL LEAD

BEAT BLUE DIVISION IN S. S. CONTEST BY 289.

THE BLUES ARE GAINING

Total Attendance in County For the Month of February Was 13,133 —Average, 3,283.

The White Division of the Nodaway County Sunday schools is again in the lead for the month of February in the attendance contest being held by the Nodaway County Sunday School association. During the month of February the Whites had an attendance of 6,711 and the Blues had 6,422.

In January the Whites won with an attendance of 8,486, and the Blues had an attendance of 6,518. The Whites during that month won by 1,900, but during the month of February, the Blues made a wonderful advance and were only beaten by 289.

Seventeen Sunday schools in the county showed a gain in attendance during January and February, the two months of the contest already passed. Six townships reported a larger attendance on Sunday, February 25 than on Sunday, January 28. Four schools in the Blue division did not report.

The total number attending Sunday school during the month of February in Nodaway county, was 13,133. The average attendance for each Sunday in the month of February was 3,283.

G. B. Roseberry, president of the association calls attention to the fact that there are 8,000 children of public school age in Nodaway county and that possibly not one-fourth of this number attends Sunday school. He also says that there are 30,000 persons in the county and that only 3,556 of them attend Sunday school. Hence, he thinks that there is great necessity for a Sunday school contest in order that both children and adults may be encouraged to attend Sunday school.

REAM FUNERAL TODAY

Services Conducted at Pierce Home With Burial in Ream Plot in the Miriam Cemetery.

The funeral of Dr Robert Ream, who died at Van Wert, Ohio, Monday morning, was held at the home of Mr. and Mrs. W. C. Pierce on North Main street at 10 o'clock this morning. Services were conducted by the Rev. Mr. Christy of Van Wert, who accompanied the body to Maryville. Burial was in the Ream plot at the Miriam cemetery.

The pall-bearers were: Will F. Phares, Augustus Romasser, James Todd, E. E. Williams, Dr. E. C. Branniger and Edward Keck. The out-of-town relatives present for the funeral were: Edward Ream of Van Wert, Mr. and Mrs. Paul Ream of Kansas City, and Donald K. Ream of Chattanooga, Tenn.

Dr. Ream ended his life by shooting himself through the mouth. The deed was done while he was in one of his depressed moods. Dr. Ream had just recently been operated on. During the past several years he had undergone a number of operations for stomach trouble.

JAPANESE DENY REPORT

Say That Their Country Did Not Try to Induce China to Abandon Neutrality.

Special to The Democrat-Forum.

Washington, Mar. 7.—Officials of the Japanese embassy flatly denied that their government had sent an ultimatum to China in an effort to enforce her to abandon neutrality in the world war. At the Chinese legation nothing was known of the reported ultimatum but the keenest interest in the rumor is exhibited accompanied by no little anxiety.

265 STUDENTS ENROLLED

Enrollment This Spring Promises to Exceed That of Any Other Spring Term in School's History.

This term's enrollment at the State Normal school in Maryville promises to exceed that of any other Spring term in the history of the school, according to the latest figures received from Geo. Kemp of the Farmers Trust Company. The enrollment this afternoon was 265 or within four of the enrollment for the Spring term last year, which was 269.

At the end of the first week last year the enrollment was 288, and after the first week the number of students enrolled increased by forty-one.

There is every indication that the total enrollment for this term will reach more than 300 or a large increase over last spring.

WERE MARRIED 55 YEARS

Mr. and Mrs. H. P. Childress Receiving Congratulations of Friends On Long Married Life.

Mr. and Mrs. H. P. Childress were receiving the congratulations of their friends yesterday on the passing of their fifty-fifth wedding anniversary. Mrs. Childress, who is now 81 years old says that she remembers what a cloudy, windy, typical March day it was.

The couple was married in Orange county, Virginia, and came to a farm near Maryville about thirty-six years ago, where they located and reared their four children, Mrs. Cora Trullinger, Mrs. Mollie Tabler, Charles Childress and Cavell Childress.

Mr. Childress is a Civil war veteran, having enlisted in the Sixth Virginia cavalry at an early age and having served as a brigadier bugler throughout the whole war.

Both Mr. and Mrs. Childress are in good health and are expecting to receive the congratulations of their friends on their sixtieth wedding anniversary.

OLD BUILDINGS RAZED

Two Historic Structures in Maryville Go the Way of the Ancient This Season.

In line with Maryville's attempt to dress up during the spring which is nearly upon us, is the tearing down of two old buildings which have been land marks in Maryville since the days of the city's infancy.

The first one to succumb to the desire for the more modern dwelling was that of C. D. Koch. This building known as the old Newman building is over fifty years old and was teeming with history. It will be replased by a modern home.

The next one to go the way of the ancient is an old frame building on West Seventh street. This frame structure is between forty and fifty years old, and has been the property of Uncle Henry Baker a negro, for many years. Numerous movements were afoot to have the dilapidated structure razed, but nothing was done until lately, when Uncle Henry sold the building to Mr. Sallee, who is having it torn down and hauled to his farm.

Many of the unsightly structures in Maryville will go the way of these in a short time, according to Mayor Robey.

To Attend Brother's Wedding.

Mrs. W. A. Hoover and two children, Betty and Jack, left yesterday for Topeka, Kan., where they will attend the wedding of Mrs. Hoover's brother, Thomas Cook, which will take place tomorrow at the home of the bride. A. W. Hoover leaves tonight for Topeka to be present at the ceremony.

WILL KILL 4 BILLS

STATE LEGISLATURE EXPECTED TO DEFER ACTION ON MEASURES

MUNITION TAX IS ONE

Senators Declare That Such A Law Would Be Unconstitutional If Passed.

Jefferson City, Mar. 7.—The graveyard awaits four important measures now under consideration by the state legislators, according to men who are in close touch with the legislative situation here. The measures are:

Governor Gardner's proposed tax on war munitions manufactures.

Senator Goodson's proposed triple tax on soft drinks.

Representative Whitaker's proposed abolishment of the death penalty in Missouri.

The Children's Code bill.

The governor's proposal to tax munitions makers ten per cent of their gross receipts is held to be a very drastic measure and it is generally believed the bill, if passed would immediately invite testing of its constitutionality.

The measure provides that the revenue derived by the proposed tax shall go first to the maintenance of the Missouri National Guard.

Exempting munitions sold to the national or state governments, the measure proposes to tax gunpowder, cartridges, caps, projectiles, shells, torpedoes, machine guns, firearms, small arms, cannon, rifles, bayonets, fuses and chemicals or acids intended for any purpose than industrial.

Blasting powder, dynamite, fuses, imprimers used for industrial purposes are exempt from the provisions of the measure.

The bill provides that each munition, shell, gun, and arms manufacturer shall file a statement with the secretary of state before June 1, 1917, subject to review. A false statement calls for a fine of $5,000 and a year in prison.

It is estimated here that the net earnings of the three principal munitions factories in this state exceeded $1,860,000 last year. Under the governor's measure $400,000 of these profits would go to the state.

Senator Goodson's bill providing for a triple tax on non-alcoholic drinks, which has just been passed by the senate, now is under consideration by the house. Members of the lower branch of the legislature are of the opinion that the Goodson measure will be killed because it passed the upper branch in its original form. They hold that there are numerous amendments to be inserted in the measure before it can pass the house. Then, it is said, the measure will be killed in conference.

Defeat is forecasted for Representative Whitaker's measure which proposes abolishment of capital punishment. Representative Heather denounced the bill as a legislative act of approval of mob law.

The children's Code bill has been adopted by the senate, but only a skeleton of the original measure remains. Amendment after amendment was offered and adopted in the senate and finally the bill was placed on the table where it will rest until the legislature adjourns.

The measure provided that girls under 21 years of age could not marry without the consent of their parents. It also provided abrogation of the law relating to common law marriages.

BROTHERHOOD WILL NOT ACT.

Railroad Men Awaiting Decision of the Supreme Court on Adamson Law.

Special to The Democrat-Forum.

Pittsburgh, Mar. 7.—Although expressing the disappointment over the failure of the supreme court to hand down a decision in the Adamson law case, the heads of the Brotherhoods of Railroad Trainmen, representing seventy thousand men of the lines west of Pittsburgh in session here announced today that no action would be taken until the decision is rendered.

Trades His Property.

John Mutz has traded his property on Seventh and Water streets to William H. West for property located on Eighth and Fillmore streets. Work was begun this morning on tearing down the old house and a new home of six rooms will be built in its place.

ENGLISH TERMINALS

AMERICANS LAUGH WHEN COMPARING WITH OUR STATIONS.

KNOCKS BAGGAGE SYSTEM

Porters Being Scarce, It Sometimes Becomes Necessary to Take Care of Our Own Baggage.

(E. Vernon Nash)

Waterloo railway station in London is said over here to be the largest terminal in the world. It does have an immense track space but comparing it with the Grand Central, Pennsylvania, Washington or even Kansas City's stations, all that we Americans can do is laugh. We try hard to hold in but we can't.

Not Really Terminals.

Most of the London stations are not really terminals at all; they are collections of train sheds. They give the impression of a dozen to twenty Hannibal or St. Joseph stations merged into one station but without any change in appearance or system. That in fact is the dominant feeling about all London. Forgetting the historic associations and great civic centers, it seems an immense St. Joseph; nothing more. The vast city seems to have grown to more than seven millions without any changes in its business and shopping centers.

Not a commercial building have I seen in London comparable to the Corby-Forsee building in "The City Worth While." Let me attempt a description which fits all the railway stations.

Description of a Station.

A comparatively small building stands in front of the train sheds. Between the building and the tracks is a broad lobby or concourse which serves almost solely as the waiting room, although small inclosed rooms are usually found if one hunts for them. This platform is not inclosed but merely covered with a shed similar to that over the trains in the St. Louis station. The roof keeps out some of the rain but little of the cold.

My opinion of the baggage system has already been expressed. The general confusion is increased by the moving in and across this lobby of trucks loaded with express, mail and other materials as well as with the passenger luggage. If there is any system or efficiency connected with it, none of us "aliens" have been able to discover it either by reasoning or by questions. An interesting feature is the privilege of going upon the train platform by the purchase of tickets from a slot machine for one penny (two cents). This doesn't make things any less confusing when a passenger reaches the train and begins hunting for a compartment.

Porters are Scarce.

If he has baggage, he is still more unfortunate. Porters are very scarce and thousands daily put on their own trunks and suit cases after having the destination slip pasted upon them. The traveler is given no check to show for his luggage. He just helps himself at the other end. Putting on one's own baggage would be less difficult, if one could know where to find the right car. Luggage vans are not placed in front of the train as they have few cars exclusively for baggage. It is necessary as a rule, to try from a half dozen to a dozen doors along the whole train before one can find the baggage "van" for luggage going to his destination. But enough of railways.

Put on the "Sugar Job."

Once I was sent on the "sugar job." This means getting up early in the morning and rushing down into the southeast part of the city to the West India docks. Here again the jumble of vans, wagons, trucks and carts disgusted me to the full. Silver, and sil-

JOIN STATE ASSOCIATION

Elks Lodge Will Send Delegates to Joplin This Year—Election of Officers Held.

The annual election of officers was held last night at regular meeting of the Elks lodge. There was a luncheon and smoker after the meeting.

The lodge voted to join the Missouri State Elks association. The state association will meet in June at Joplin. The Elks lodge formerly was a member of this organization.

The following officers were elected for the ensuing year: Walter S. Todd, exalted ruler; B. M. Chandler, esteemed knight; E. E. Rhodes, esteemed loyal knight; A. Romasser, esteemed lecturing knight; Lawrence Schumacher, trustee for three years to succeed C. W. Yehle; Cleav Funk, secretary; E. E. Williams, treasurer; Theodore Robinson, tyler.

The installation will be held the first meeting in April.

Dr. Frank Wallis was elected delegate to the grand lodge, which will be held in Boston. C. C. Hellmers was elected alternate.

George Yantis and Walter S. Todd were elected delegates to the meeting of the state association.

WILL COLLECT BAND MONEY

E. E. Williams Appoints W. C. Pearson and Charles Buhler to Help Raise Required Amount.

E. E. Williams, chairman of the Finance committee of the Maryville Commercial club, has appointed W. C. Pearson and Charles Buhler as auxiliaries to assist in collecting the "wherewithal" to keep the fourth Regiment band in Maryville.

Since so many of the citizens have expressed a desire to keep the band here, the collecting of the money to finance the project will not be a hard proposition, and the committee hopes to be able to report the acquisation of the required $1,200 shortly.

A. W. O. W. ENTERTAINMENT

Members and Their Families Will Enjoy Program and Luncheon, March 13.

The Woodmen of the World will entertain the members and their families with an entertainment and social at their hall Tuesday evening, March 13. The committee has arranged for a seven-piece orchestra which will play at intervals throughout the entire evening.

The numbers on the program will be as follows: Reading, Prof. H. A. Miller; selections by the Berean quartet; reading, Miss Edna Tucker; solo, H. J. Becker; play, "A Minister's Mistake."

After the program the evening will be spent in playing games, and in enjoying a luncheon which will be provided by the committee in charge.

Will Shriver, who has been ill with pneumonia at St. Francis hospital is reported improving today.

2ND BEAUTIFICATION MEET

Sixteen Men and Women Hear Discussion of Civic Problems at Home of Doctor Bell.

Sixteen men and women met at the home of Mrs. C. T. Bell, last night and discussed beautification problems with Prof. C. C. Leeson, who gave his stereopticon lecture, and showed by concrete illustration the right and the wrong ways of beautifying Maryville.

E. M. Claypool, secretary of the Beautification committee, explained the system of ordering plants and shrubs that would be adopted if the citizens would support it. The orders for plants and shrubs will be taken by Mr. Claypool and then bids will be called for from the local and other florists. In this way, a slight saving will be made in the purchase of the shrubs by giving a bulk order.

Mr. Claypool said there was absolutely no intention on the part of the Commercial club or of himself as secretary of the Beautification committee to compete with home retailers in the purchase of the shrubs, and that any dealer who cared to would have a fair chance to bid for the contract to furnish the plants.

WON'T BUY NEW APPLIANCE

Board of Public Works Says Purchase of Motor to Operate Water Tower Stop-cock Not Practical.

The Board of Public Works has decided not to purchase the electrical appliance to regulate the stop-cock at the water tower. This was determined after the board had duly considered the proposition from every angle. One of the reasons given by R. L. McDougal, president of the board, was the lack of money necessary to purchase, and another reason was because of the danger of increased pressure on the water mains near the station.

The electrical appliance that was under consideration by the board, was to be operated by a switch at the water station. In case of fire, the stop-cock would close and the water would be turned from the tank into the mains to increase the pressure in order to fight the flames more effectively. But the chief danger in this arrangement, thought the board, was that when the fire was out the station would not be apprised immediately and thus the pressure on the mains near the station would be more than they could stand and they would then burst.

At present when water pressure is needed to fight a fire the stop-cock is put in position by a man who hurries up to the water tower and operates it. The working of the stop-cock by electricity was thought to be more efficient, but in the opinion of the board, it is not practical at this time.

Mrs. Dawson Much Better.

Mrs. John Dawson, who has been seriously ill at St. Francis hospital, as the result of an operation, is slowly improving and hopes are entertained for her complete recovery.

NO AUSTRIAN BREAK

U. S. WILL WAIT FOR "OVERT ACT" IN HER CASE, TOO.

WILL ARM OUR SHIPS

Wilson Decides This Today, Fortified By Opinions That He Has the Authority to Do So.

Special to The Democrat-Forum.

Washington, Mar. 7.—There will be no diplomatic break with Austria at present unless submarines of the dual monarchy force the hand of President Wilson by some "overt act." This was authoritively stated today after officials digested the reply of the Austrian government.

American Ships to Arm.

American merchant ships are to be armed by the United States and sent on voyages to ports of seven seas regardless of the submarines which played in the path of American commerce, Wilson decided definitely today to take this step after being fortified with opinions that he has the authority to make such a move.

IRELAND WANTS HOME RULE

Spirit of Unrest in Island Stronger Than at Any Time Since the Dublin Riots.

Special to The Democrat-Forum.

London, Mar. 7.—The gravest situation with respect to Ierland since the Dublin rebellion faced the government at today's session of parliament. It is announced that several leaders will deliver speeches today demanding immediate home rule. It is no secret that the spirit of unrest is stronger throughout Ireland today than any time since the Dublin riots. Irish leaders are expected to so inform parliament and charge the Unionists with full responsibility should fresh disorders break out as a result of the government's failure to act.

FIGHT FOR CLOTURE RULE

President Wilson Begins Work of Inducing Senate to Change the Debate Rules.

Special to The Democrat-Forum.

Washington, Mar. 7.—President Wilson today entered the fight for cloture rule in the senate in earnest. Immediately after breakfast he summoned Senators Reed, Owen, Walsh, Swanson, Hoke Smith and James to the White House for a conference on the possibility of securing rules that would limit the senate.

President Wilson approved the bipartisan campaign in the senate to preserve the recurrence of the filibuster and it is expected agreement on the proposal will be reached.

PLOT AGAINST U. S. THICKENS.

More Arrests to Follow Capture of "East India Plotters," Report.

Special to The Democrat-Forum.

New York, Mar. 7.—New and sensational developments were promised today by the captain of federal bureau of investigation in his probe of German "East India plot." Many arrests will follow the capture of Ernest Sakunna Agerman and Dr. Chakraberty, he intimated. The government is said to have every important plotter under surveillance.

Germany Threatens Carranza.

Washington, Mar. 7.—Germany threatened Carranza with the "most formidable revolution he has ever known," if he refused to make war on the United States, according to Zimmerman proposals for German-Mexican-Japanese alliance disclosed by the federal authorities today. It is said three million dollars have been spent by Germany in fomenting spy plots in the United States within the last few months.

WHAT'S THE LIMIT ON HOGS

Yesterday at $14.50 and Buyers Say the Top Has Not Been Reached.

A rush to buy hogs at the various markets of this country sent prices up 50 cents today, into a position never before known in this country.

The top price paid here was $14.50 a hundred pounds and in Chicago, $14.70, while at some of the extreme Eastern markets $15 was paid.

Above the Civil War Mark.

Following the Civil War the highest price paid in Chicago was $13.25.

Both buyers and salesmen say the maximum price has not been reached.

For more than two months the upswing in prices has been in progress. In the past week, there has been an advance of $1.15 a hundred pounds, in the past month, $2.15, and since the first of the year a rise of $3.90. Compared with a year ago prices are $5.20, or about 60 per cent higher.

Grain and Hogs Both Scarce.

The causes of the high prices are given as a scarcity of grain, the large marketing of hogs the latter half of 1916, a liberal winter movement of hogs of light weight and a scarcity of fat hogs in the country to meet the demand for the next three months. In the past six months thousands of pigs went to packers which would have been made into 200-pound hogs for the April to July market, had corn been more plentiful. Many fall pigs weighing 90 to 120 pounds are being marketed now, because of the high prices, that should have been held until July to September.

May Go Above $16.

Packers believe the shortage in supplies is only beginning to show, and that the hog is liable to sell above $16 before any material setback occurs in prices.

These high prices mean that a carload of hogs now is worth a small fortune. Some carloads at the stock yards today sold at $3,000 to $3,200. At the ordinary prices a car of hogs is worth about $1,200 to $1,400.—Kansas City Star.

W. R. Tilson spent yesterday in St. Joseph.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

ver only could find a way through them. We spent four bob and a sixpence (which is a dollar and ten cents) on tips to the dock hands and workmen but even with that it took more than two hours to complete the task and get away with our seven bags of sugar.

It's really like breaking a bank these days to get sugar. Our orders from the munitions department of the "Y" had to be signed by the bobby at the front gate. Then by winding through a wilderness of vehicles we came to the office where our orders were pushed through a cubbyhole and returned countersigned after indefinite waiting. Finding the number of a door marked thereon, we turned in the orders again and waited another indefinite interval for our name to be called out. When loaded the door man signed our order so that we could get out and the bobby at the gate again countersigned the order and took it up. Delivering of this sugar to Y. M. canteens in munition factories gave me an unusual opportunity of seeing the interior of a number of factories which are so busy turning out the "rations for guns" I saw real efficiency at any rate.

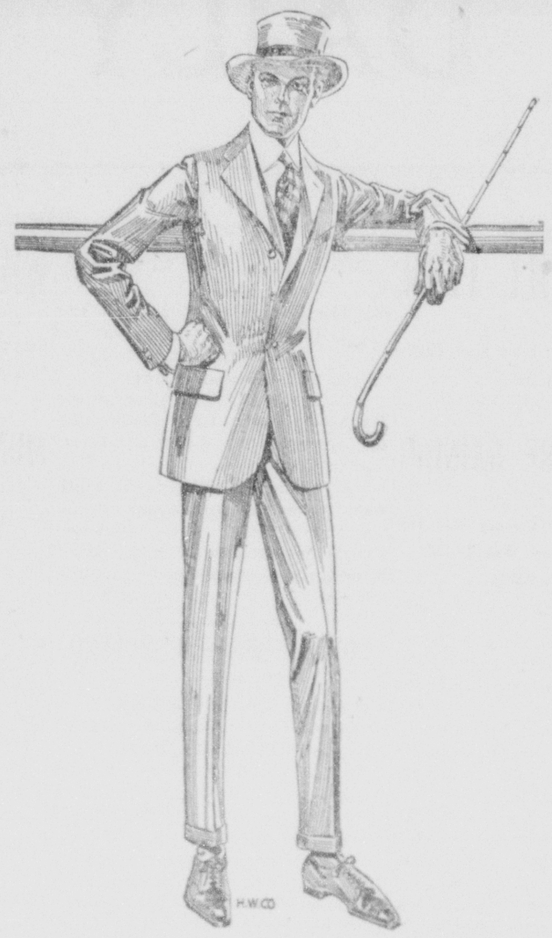
Neutral in Politics.

I was completely and thoroughly pro-Ally when I came over. I should still hate mighty bad to see Germany win the war but I'm a great deal more neutral than I once was. My anti-Teutonic sentiments have not been strengthened any by the universal answer to any criticism of the slip-shod English ways: "Oh, it's always been done that way and it's better to let good enough alone."

Not that they do not criticise themselves in their ways. Oh, Yes. The truest thing H. G. Wells ever said, in my opinion, is that Johnny Bull loves to say harsh things about his country and his people but he won't stand for anyone else doing it. I could pile up example on example of the hopeless lack of efficiency, but it would be a waste of space. It will perhaps be sufficient to remark that complete opposites in the one matter of industrial efficiency certainly are meeting each other in this war.

Likes Great Britain.

From which it may be incorrectly deducted that I don't like this country. Nothing could be further from the truth. It is precisely because I am so pleased with most of what I see in the country and people that I have so little patience with their inability to discard the old for the new. Differences attract attention and interest more than similarities. It is easier too to see defects and to give destructive criticisms during early acquaintance. Later in my series I hope to be able to elaborate on these many features in which I think England is far ahead of my own country.



Now for An Early "Announcement"

The New Styles for Spring are Here

YOU'LL be glad to hear it; most men look forward to this event with keen interest. Here are some of the good things you'll see at this store-

LONDON PRAISES WILSON

Press Realizes His Difficulties Are Made More Pronounced by the Senate's Recent Action.

London, Mar. 7.—President Wilson's inaugural address and his statement in reference to the obstructive tactics employed in the senate fill an important part of yesterday morning papers, and are commented on with general sympathy for the president's difficulties in the present crisis. The situation is compared to that in which Lincoln delivered his second inaugural address.

The universally appreciative references to the president today offer remarkable contrast to some which have appeared in certain quarters of the British press in the past. The Post, which sees a triumph for President Wilson in the readiness of a great majority of congress to confer the powers which he asks, says:

"President Wilson has proved that with all his tact and caution he can act with instant resolution when occasion requires."

The Express says that the president's call to his fellow countrymen is an inspiration to the entente allies, and The Times, while expressing approbation of President Wilson's definition of the things for which America stands, thinks nevertheless that "elevated as they are they need a great deal of definition and expansion before they can serve even in outline as the foundation of a practical world policy."

Health in the Home Maintained by S.S.S. For Fifty Years

The health of the family is an important question and one that should receive the most careful consideration in every real home.

S.S.S.

has brought new health conditions into thousands of homes in America—homes where true advertising carries its message, backed by the endorsement of the many, many people who have used it and found that S. S. S. does the work.

S. S. S. stands first to-day as a blood purifier after a fifty-year test. If there were nothing else, that alone would tell the story.

S. S. S. is guaranteed purely vegetable and is most helpful, not only as a blood purifier, but also as a general tonic when the system is run down.

Owing to the success of S. S. S., there are many imitations. Therefore, demand the genuine S. S. S. by name. The only object any dealer has in substituting is that he makes more profit on the substitute. Watch for the trade mark.

All good drug stores sell S. S. S.

Your Dollars and Our Tires

When you pay down in honest currency the price of a GOODYEAR TIRE, you deliver value in its most definite form.

When you accept in return for your currency a GOODYEAR TIRE, you receive value just as definite, if in different form.

For GOODYEAR TIRES are built to this invariable dimensions that worth shall equal payment, dollar for dollar—that goodness shall balance price, in any instance—that performance shall level investment every time.

And the tire you buy is after such a pattern—a value for value product through and through.

The country over, motorist have found this to be true of GOODYEAR TIRES. The country over, motorists buy more of them than any other brand.

And the leadership they have they will hold. Value—fixed and indeclinable—will hold it for them.

NORMAL NOTES

(By Ross McReynolds).

The Eurekans have decided on the play to be given in the Auditorium the latter part of this month and will soon be practicing on it. The title is "Brother Josiah." The cast is an excellent one and are well able to care for the parts assigned them.

* * *

The program given by the Y. W. C. A. this morning at the assembly hour was: Talk, "Saints of Today," Miss Myrtle Wells; Open discussion by Y. W. C. A. girls; Quartet, leader, Miss Ella Moore.

* * *

The young men of the school were to meet this morning to plan further the work of organizing a Y. M. C. A.

* * *

The following programs will be given by the literary societies at their weekly meetings tomorrow: Eurekan: Spring Song, by Mendelssohn, Mary Sewell; Story of Persephone, Amy Barrett; Original Spring Poem, Harriet Van Buren; Spring Spirit in our Society, Don Roberts, Myrtle Wells, Harold Staples.

Philomatheans: Piccolo solo, George Wamsley; Essay, "The Greatness of Little Things," Warren Breit; "When a Feller Needs a Friend," Two extemporaneous speeches by members of the society; Side Lights on Current events, Mary West.

Excelsior: Open forum.

A tea was given this afternoon for the students to get acquainted with each other. This is especially for those who have not attended the Normal before.

* * *

The number of students enrolled up to last evening was 217.

* * *

The students met their classes yesterday morning and found out just what the instructor expected of them. After leaving one class one young gentleman said: "I feel fine now, but I don't know how I will feel after awhile."

* * *

At assembly yesterday President Richardson gave the students some hints on getting acquainted with their instructors. A few of them were: "When you go to class, take the last seat in the last row. Never talk unless called upon. When you have a paper to write, make it as short as possible." He prophesied that if they followed these instructions they would soon find out the nature of the instructor.

* * *

Many of the students and friends of Paul Powell, '16, were delighted to meet him last week. He came here during the interval of attending the convention of the teachers association at Kansas City. He has been teaching manual training and coaching in one of the junior High Schools at Tulsa, Okla. His basketball team gained the city championship, and was barely edged out of the indoor basketball championship.

They Saw "Chin-Chin."

Among some of the Maryville people that attended "Chin-Chin" in St. Joseph last evening were Misses Kate and Mary Carpenter, Miss Blanche Gray, Fleming Carpenter, Roy Neal, Wilford White, Dr. C. A. Bone, Ed Godsey, Russell Burris, Francis Cummins and Rosco Heigner.

YOU'RE AN EASY PREY, with your flesh reduced below a healthy standard, for Grip, Bronchitis, Consumption and other dangerous diseases. And it's for just this condition that Dr. Pierce's Golden Medical Discovery is especially valuable.

If you're thinner than you ought to be, whether from wasting diseases, defective nutrition, or whatever cause, the "Discovery" will surely bring you up to the healthy standard. By restoring the normal action of the deranged organs and functions, it arouses every natural source and means of nourishment. A strength-restorer and flesh-builder. It can be had in tablet or liquid form. Ingredients printed on wrapper.

Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up over 40 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy.

Killed by Poisons

All scientists agree that poisonous products in the blood are eliminated by the kidneys. The kidneys act as a kind of filter for these products. When the kidneys are changed or degenerated, by disease or old age, then these poisons are retained in the body. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y., says that you should drink plenty of water daily between meals and with your meals to flush the kidneys. Then procure at your nearest drug store Anuric. This Anuric drives the uric acid out.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month. Anuric is many times more potent than lithia and dissolves uric acid as hot water does sugar.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.
